That's my window.

Residential
door system

TROCAL 88.
Residential door, inward opening.

The most advanced door programme around.

» TROCAL 88 inward opening residential door system.

The TROCAL 88 residential door system adds elegance and individual character to any home. You also benefit from more security against break-ins, additional convenience from the barrier-free design and excellent heat insulation as a result of the threshold with thermal break.

TROCAL 88. Window and door systems with 88 mm installation depth.

■ Extremely stable design.

Pioneering 6-chamber design with max. dimensioned steel reinforcement and welded corner connectors for higher static stability.

■ Excellent insulating performance.

Two sealing layers and a barrier-free threshold with thermal break for high windtightness.

Excellent heat insulation and intrusion protection.

Aluminium weather boards and rebate pads provide additional protection against driving rain.

The threshold connectors ensure perfect fit and a tight seal between the frame and the threshold.

■ Individual features.

Deep glass rebate for modern triple glazing, special functional glazing or door panels up to 56 mm thick.

Maximum sash sizes:
Single door: 1200 x 2400 mm
French doors: 1000 x 2400 mm
